Tips for spring cleaning your closet, Part 2:

What should I get out of my closet?

- ☒ Duplicates. If you have 10 white t-shirts, choose your favorites and donate the rest
- ☒ Stained, ripped, or damaged clothing. Only keep one junky set for projects or painting or yard work
- ☒ Schlubby clothing, like saggy bottom sweats, free t-shirts, or stuff you've had since high school.
- ☒ Clothing you've never worn. If it still has the tags after several years in your closet, it's time to get it out.
- ☒ Anything that requires you to change sizes to fit into it. It's disheartening to have a closet filled with clothes you can't wear.

IF YOU'RE SPRING CLEANING YOUR CLOSET THIS MONTH...

Host a clothing swap! Sometimes selling your clothing can be tedious and time consuming, but you want your clothing to go to a good home.

Host a clothing swap girls night with friends and have everyone bring items that they don't wear anymore. Everyone swaps and goes home with something new! It'll bring them joy and your item of clothing can live on with someone else.
